EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In the specification, page 4, after the last line add:

"Fig. 10 is a block diagram of another embodiment of the invention."

The added material has been added to provide a brief description of the figure.

The following is an examiner's statement of reasons for allowance:

Claims 1-9 are allowed because the prior art does not disclose or suggest a method or circuit for generating a non-integer frequency divided clocks signal including circuitry for outputting a present value M of an integer index in response to a logic transition of a shift clock signal, glitch free selector circuitry for selecting one of K output signal phases $P(M)$ of a multiple phase clock as a clock output signal in response to the present value M of the integer index, synchronous divide by N counter clocked by the clock output signal to generate a frequency divided clock signal and the shift clock signal, circuitry in the divide by N counter for determining when the latter has been clocked N times by the clock output signal, circuitry for receiving an integer fractional divisor of value S less than $(K-1)$ and modulo $(K-1)$ adding circuitry for adding the value S to the integer index. Claims 10-15 is allowed because the claims set forth a phase locked loop including the circuit for generating a non-integer frequency divided clock signal of claim 4. Claims 16-20 are allowed because these claims set forth a data processing system including the circuitry of claim 4.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
